

Timber Ridge School enhances Transitional & Vocational Program

Three core areas are now available for students preparing for the GED certificate and those transitioning to the workforce:

Employment Assessment Profile

Specific assessments (*Kuder, Wizard, & LiveCareer.com*) provide the student:

- Realistic employment options
- Employment goals and objectives
- Identified skills and abilities

Pre-Employment Training

Appropriate work habits are essential. The use of *Ready or Not, RU Ready* curriculum prepares students for the transition to work.

Employment Readiness Certificate

Timber Ridge School is a recognized testing site for *National Occupational Competency Testing Institute (NOCTI)*. This certificate and accompanied curriculum addresses eight identified critical skill areas:

- Communications
- Problem Solving & Critical Thinking
- Information Technology Applications
- Systems
- Safety, Health, & Environment
- Leadership, Management & Teamwork
- Ethics and/or Legal Responsibilities
- Employability and/or Career Development

A thumb drive résumé includes documented specific skill acquisition, completed training modules, and work experience.
